

# Packaging

Reusable packaging containers made of Con-Pearl<sup>®</sup> provide significant advantages in most cases over one-way packaging and multiway packaging made of steel or wood. High flexibility, long life cycles and a strong performance make Con-Pearl<sup>®</sup> pallet containers a superior alternative. The Return on Invest is generally reached in less than a year.

Con-Pearl<sup>®</sup> lightweight board

foldable Con-Pearl<sup>®</sup> pallet sleeve

- single and multi-piece sleeves
- with M-folding or Z-folding
- in all common sizes with typical pallet contours
- individual sleeve dimension
